Gen Sheridan's Great Victory.

Our dispatch this morning gives cheering intelligence The gallant Sheridan has utterly routed the rebel force under Breckinridge and Early, after one of the most furious conflicts of the war, and we think has effectually stopped all rebel raids for the future by way of the Shenandoah valley The reports of the engagement are full of interest. We deeply regret, however, that in gaining this brilliant triumph, the army and the country have lost a noble defender. Brig Gen. David A Russell who was for many years stationed in Oregon as an officer of the Fourth Infantry was killed by a cannon ball, while doing his duty faithfully. All of our citizens who knew him, will deeply lament his untimely death for he was universally esteemed as an upright courteous gentleman, and as a patriotic and accomplished officer After his arrival in Washington from Oregon in 1861 he was assigned to the command of the Massachusetts Seventh Regiment, and at its head, so greatly and repeatedly distinguished himself that he was speedily promoted to the rank which he so worthily filled at the time of his death. He has often been in the thickest of the fight but he never faltered or turned aside from the path of manly and heroic duty All honor to the memory of brave David Russell!

SPECIFIC CONTRACT LAW—California has passed a Specific Contract Law The Supreme Court has decided the law valid, good both in law and equity, thereby securing to those that have money to loan a guarantee that they will receive in return the same national currency, whether it be gold silver, or legal tenders. There is no good reason why a man should borrow one thousand dollars in gold coin to-day and to-morrow tender to the man that has so obliged him one thousand dollars in legal tenders—four hundred and fifty dollars It has a tendency to undermine our whole moral and social fabric. Our capitalists are sending their money to California as fast as possible, where they can feel that they have some guarantee for its safety

We have great public improvements to set in motion, railroads must be built canals constructed. How are we to undertake these improvements without capital ? and will the capitalist invest his gold when he thinks there is a chance or probability of his neighbor coming forward and paying legal tender to offset his gold ? The question is settled in the mind of every prudent man He is not disposed to embark in any enterprise attended with such risks Our State is losing largely in capital for the want of a law to protect persons having money to loan Unless we have such a law we are quite certain still larger amounts will leave the State. It is only awaiting the action of our Legislature Unless action is taken at this session, then we shall be obliged to wait two years longer, and in the meantime capital will be constantly leaving the State, and California will receive the benefit in the way of public improvements, and by taxes on the same, while Oregon will grow more feeble and poorer every day

SAMUEL C. PARKS,—This gentleman one of the United States Judges for Idaho, has been nominated by the Union Convention to represent the Territory in the Congress of the United States. He is a young man, a native of Indiana, educated in Illinois as a lawyer, and was appointed while there to the office he now holds He is a talented man—a good lawyer—an excellent citizen and if elected to Congress, will represent his constituents ably and faithfully No sounder, truer Union man, can be found anywhere

Idaho Territory requires National Legislation to develop her wealth She must have roads and bridges, mails and post offices—she must have thorough Union men in all her offices and we know of no man who could more efficiently labor in her behalf, if elected to Congress than Samuel C. Parks

FORTIFICATIONS AT THE MOUTH OF THE COLUMBIA —Gen. Alvord, and staff accompanied General McDowell to the mouth of the Columbia river and inspected the fortifications at Cape Disappointment and at Fort Stevens near Point Adams. They were found in a very satisfactory state of progress Fort Stevens is named in honor of the late Gen Isaac I. Stevens of Washington Territory. The name was given with the approval of the War Department by Capt. Geo. H. Elliott, of the Corps of Engineers. We are informed by Gen Alvord, that Capt. Elliott in his work at the mouth of the Columbia has performed valuable services very important to the State of Oregon and all other Territories bordering on the Columbia river He has made the best use of the money placed at his command The fortifications of Scarborough Point, opposite Point Adams will be the work next commenced.

A BREEZE AT A SECESSION MEETING IN IDAHO —The *Golden Age* of Sept 10th, gives an account of a political meeting, said to be democratic in Lewiston on the 8th instant After several men calling themselves Democrats—Vallandigham and Jeff Davis both call themselves Democrats—had made tremendous speeches a German made a motion that none but Union Democrats be allowed to vote on a pending motion to raise and perfect a county ticket. We let the *Age* tell the rest

The storm burst at this juncture and the motion was rejected overwhelmingly by the Peace wing of the party It was now evident that the Peace faction had a large majority in the meeting and were not willing to acknowledge the Union portion of the McClellan faith, however much of a Democrat he might be A motion to adjourn was now carried, and the discordant elements still boiled and seethed and vomited forth the smoke and fire of passion until the small hours of the morning Thus ended the ratification meeting of the harmonious Democracy

A tombstone cutter contracted the motto, "Let her rest in peace " for the want of space, and it stood, "Let her r i p "

WASHINGTON Sept 20 — Yesterday Sheridan attacked the rebel forces under Breckinridge and Early near Bunker Hill and fought a hard battle all day A brilliant victory was won by our forces The enemy were driven over 12 miles 2,500 rebels were captured nine stands of colors and five pieces of artillery were taken The rebel killed and wounded were left in our hands The rebel Generals Rhodes and Gordon were killed Four other rebel Generals were wounded

(Signed) STANTON

WASHINGTON, Sept. 20 —The War Department furnishes the following official dispatch for publication

HARPER'S FERRY, Sept 20 —Our cavalry under Averill and Merritt engaged Breckinridge's Corps at daylight this morning and [illegible] were at Stevenson Depot a distance of seven miles, killing and wounding quite a number and capturing 200 prisoners from Gordon's Division On the centre and left the enemy were driven about 3 miles beyond one of their earthworks. Our infantry have been attacking them in their position since then As the officer left he could distinctly hear heavy artillery firing and it is still continuing to this hour. Every indication is most favorable to us

J. D. STEVENSON Brig Gen

I have just heard from the front We have defeated the enemy capturing 2,500 prisoners five pieces of artillery and five battle flags

Our loss is about 2,000. The enemy escaped up the valley under the cover of night. Sheridan is in Winchester

J. D. STEVENSON Brig Gen

WINCHESTER, 7 30 P M —I have the honor to report that I attacked the force of Early on Berryville pike at the crossing of Opequan Creek and after a most stubborn and sanguinary engagement which lasted from 5 o'clock in the morning till 5 evening, completely defeating him and driving him through Winchester, capturing 3,000 prisoners five pieces of artillery and nine army flags The rebel Gens Rhodes and Gordon were killed and three other general officers wounded and all their killed fell into our hands Our losses are severe, among them Gen D A Russell, commanding a division of the 6th corps who was killed by a cannon ball, and Gens. Upton, McIntosh and Chapman were wounded. I cannot tell all our losses The conduct of the officers and men was most superior. They charged and carried every position taken by the rebels from Opequan Creek to Winchester The rebels were strong in numbers and very obstinate in their fighting

I desire to mention to the Lieutenant General Commanding the gallant conduct of Gens. Wright Crook, Emory and Torbet and the officers and men under their command To them the country is indebted for this handsome victory. A more detailed report will be forwarded

P. H. SHERIDAN Maj Gen Com

WASHINGTON Sept 20 —The following is the latest from Sheridan

HARPER'S FERRY, Sept 20 —The body of Gen Russell has arrived. As soon as it is embalmed it will be sent to New York.

Gen. McIntosh with his leg amputated has just come in and is in good spirits

Several officers from the front report that the number of prisoners is 3,000 and the number of battle flags captured is 15 All concur in stating that it was a complete rout Our cavalry started in pursuit at daylight this morning. Sheridan when last heard from was at Kernstown

I forwarded this morning ample medical supplies and a full subsistence for the whole army going forward to day.

STEVENSON

WASHINGTON, Sept. 20.—A national salute was fired to day in honor of Sheridan's victory Confirmation from City Point states that the rebels continue to throw an occasional shell at working parties on the new railroad but with little or no effect

A gentleman who has arrived from Hagerstown states that on Sunday the 18th the rebels under McCausland and Johnson advanced from Bunker Hill and attacked Averill at Martinsburg The latter, after a spirited resistance fell back to Hainesville, a short distance from Falling Waters, on the Virginia side of the river, where he took a position During Sunday night Averill received reinforcements and yesterday advanced again on the rebels and drove them back to Bunker Hill and recaptured Martinsburg On Sunday a body of dismounted cavalry were dispatched from the camp at Hagerstown to Williamsport, where they at last accounts were guarding the fords of the river

NEW YORK, Sept 20 —The *Commercial's* special says the draft in the first ward in this city was completed quietly to day. Nicolay and Hay the President's private secretaries and Alderman [illegible] were drafted

Considerable excitement exists in government circles in regard to the two rebel steamers which have appeared on Lake Erie Some time ago Gen Heintzelman ordered the gunboat *Michigan* to be stationed at Johnson's Island to prevent the threatened liberation of rebel prisoners By a special treaty with Great Britain the United States is prohibited from having more than one war vessel armed with one gun upon Lake Erie England protested against the *Michigan's* armament which was eighteen guns. As the *Michigan* is confined to the surveillance of Johnson's Island, it is feared the rebel steamers will ravage our commerce and perhaps lay Buffalo under contribution

NEWARK N. J., Sept 20 —An immense ovation was given to McClellan to night by the Democratic clubs of Newark Over 10,000 people congregated.

WASHINGTON Sept 20 —The President has appointed Sheridan Brigadier General in the army and assigned him to the permanent command of the Middle Military Division

Grant has ordered the army under his command to fire a salute of 100 guns to morrow in honor of Sheridan's great victory

A dispatch received from Sherman at Atlanta says that everything continues well with us and the prospect is bright.

Reports to day show that the draft is proceeding quietly in all the States In most of the [illegible] a vigorous attempt is being made to fill the quota before the drafted men are mustered in

WE READ THAT ONE OF the direst afflictions that the patient Job was called upon to bear was that of boils and they have been found to be, from that time to the present, the most troublesome and painful of visitations. We have known instances where individuals were sure to have these crop out break out upon them once a month at least They show an impure state of the blood, and that humor of some kind is lurking there, and the surplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. FORTY FORT.—In speaking of a beautiful present made to the Sanitary Fair, we yesterday used this language: "An elegant picture, representing a view on the Juniata river, Penn., with the ruins of Fort Forty, Wyoming, was presented by Mr. D. W. Williams. This Fort was taken by the English and Indians, July 3th, 1778, and the garrison were all slaughtered after they had surrendered. History says that a squaw of the English allies murdered eighteen of the defenceless garrison with her own hands. The picture is not only valuable as an artistic effort, but the historical event it perpetuates adds much to its importance." We were in error upon the subject, and as the events lines of history of so important a character as the Wyoming massacre is alike important to all, we give place to the following, correcting some of the errors into which we have inadvertently fallen, and recommend that the committee give the historical sketch upon the picture like attention: "Fort Forty, or Forty Fort, as it is more properly called, is not on the Juniata, but on the Susquehanna. Queen Esther, the squaw alluded to, did, with her own hands, butcher 14 of the prisoners, tomahawking some, and cutting the throats of others, but it was on the evening of July 3d, 1778, the day before the surrender of Forty Fort. The battle of Wyoming was fought July 3d, 1778, and not, as stated above, three years earlier. Forty Fort was surrendered July 4th, 1778. There were various persons in it at the time, among whom were Mr. Gustin, Mr. Sutton, Polly Thornton, Miss Bennett (afterwards Mrs. Myers), and Miss Sutton (afterward Mrs. Bedford). Mr. Miner, Colonel Stone, Mr. Peirce, and Rev. Dr. Peck, who have severally written valuable histories of Wyoming, concur in declaring that any of those who were present when the fort capitulated, were at that time or soon after wantonly killed by Butler's savage allies. I was personally acquainted with Mrs. Bedford and Mrs. Myers, the former of whom is still living, and from their own lips I have heard the narrative of that bloody day, and of the surrender on the following. The Indians plundered the fort, and the houses of the settlers, but they did not put the garrison to slaughter after the surrender; indeed, the survivors did not leave the valley until several days after the massacre. Some of them remained in the Fort two weeks, before commencing their weary march through the wilderness to the Delaware. The Indians left the valley on the 7th of July. Trusting that the beautiful picture presented [illegible] swell the funds of that noble charity, the Sanitary Commission,

I remain, yours very truly, THOMAS H. PEARNE.

ARRIVAL OF THE BROTHER JONATHAN.—The steamship *Brother Jonathan*, S. J. DeWolf Commander, arrived at the mouth of the Willamette yesterday morning, and her passengers and Express were brought to the city by the steamer *John H. Couch*. The following are passengers:

Mrs Forte, I Graves and wife, Mrs Nancy Jenkins and four children, Miss Buttler, Mrs Green, N Kennedy, J [illegible], J Alexander, Mrs McKee, Mrs Critcher, [illegible], Master Solomon Knapp, H Meyholtz, H [illegible], J Souges, B Hambrick, Mrs Emma Whipple, A [illegible], Mrs E Cohen, L P Collins, S Tebin, Mrs I Jaken, [illegible] and wife, Jonathan Grant, J T Howard, A McCauley, F [illegible] and son, M [illegible], [illegible] Hays, J L [illegible], A Vlog, Joseph Elfelt, D McKeyra and wife, Mrs [illegible], A L Barnett, wife and two children, D [illegible], [illegible], F B Anderson, [illegible], W Mitchell and wife, Mrs Wm Sheppard, Mrs P Mayer and three children, B Miner, Thos Donovan and boy, B [illegible], K [illegible], John Cornelius, W C Lincoln, S Mitchell, Miss [illegible], Mrs Rogers, J Bloom, Mrs James Levy, Mrs E [illegible], L White and wife, H H Lane, Miss Murray, G [illegible], Wm Birney, S Levy, M [illegible], M Winnich, M Wolf, [illegible], J A Long, W [illegible], A [illegible] messenger and 35 [illegible]. BENTON, Purser.

SPICE FROM HOME MANUFACTURES.—The recent introduction of the mustard and spice business in this city was hailed as the advent of progress, and was expected to add another of the great benefits to arise from home industry, and so it would be, if our merchants and business men would adopt the rule of home patronage, especially when they can procure as good an article by so doing as it is possible to obtain by importing. We have tried the products of the establishment of Messrs. Hudson & Williams, and feel capable of pronouncing their oils and spices of first rate quality; and in order to support them in the business, and encourage their efforts, we recommend the latter—if merchants will persist in sending their orders below for such things—to call at the manufactory and take a year's supply of spices, oils, etc., for their culinary department, and literally drop all imported article. We are in earnest in the belief that *all* home institutions should receive our preferences.

LEGAL TENDER FOR TAXES.—What will be the result? In case the Legislature should make Legal Tender receivable for taxes, Multnomah as well as all other counties, will be obliged to levy about twice or three times the usual amount of taxes. We shall be obliged to increase the salaries of all our officers in the State. Their pay is now quite small enough when paid in coin. All other efficient officers would be compelled to resign or have their pay increased according to the price of currency. We see nothing to be gained by making the changes—it will only disorganize our whole system of affairs.

AMONG THE PASSENGERS of the steamship *Brother Jonathan* arriving yesterday, is Mrs. Rogers who comes to Oregon to assist in the exhibition of sewing machines, at the approaching State Fair. Mrs. Rogers has been employed for years by Grover & Baker in San Francisco and was sent by them to the World's Fair, in London and Paris. Mrs. R. is stopping at Arrigoni's for a few days, prior to her departure for Salem, and invites the ladies of this city, who desire, to call upon her.

FAST FREIGHT.—There is a growing importance attached to the above simple connection of words and it is becoming quite effectively in vogue, not only as a forwarder of merchandise, but as a sort of recommendation for drummers and hotel runners, and a bit of yellow paper with "Fast Freight" printed upon it is sufficient to attract attention if not patronage.

ACCIDENT TO THE HASSALO.—The steamer *Wilson G. Hunt* came slowly up to her pier last evening in consequence of some disarrangement to her machinery. Repairs were made during the night, and she is on her accustomed round to-day.

THE DROWNED MAN.—Our informant made an error in furnishing the name of the man drowned from the steam propeller *Cello*, on Saturday last. His name was Thomas Dowling, and it is thought he has relatives in San Francisco.

CHANGE OF WHARVES.—The steamer *Rival* lands her freight and passengers at Couch's wharf, during the temporary rush at the steamship landing, incident to the arrival of the *Brother Jonathan's* cargos for river steamers.

ASSESSMENTS.—The city assessor, Mr. J. W. [illegible], has completed the assessment for 1864, and is prepared to make his report to the Common Council this evening.

PASSENGERS AND TREASURE.—Forty-five passengers arrived by the steamer *Hunt* last evening. Mr. Holland, Wells, Fargo & Co.'s messenger, had in charge $50,000 in treasure.

CIRCUS.—The dashing riding, the graceful feats of vaulting, continue to attract large assemblages to the Pavilion on First street.

THE STEAMSHIP is advertised to sail on Friday at 10 o'clock, A. M., for San Francisco direct.

FROM THE BRITISH POSSESSIONS.—We clip the following items from late Victoria papers:

It is stated that two Cariboo miners had sunk in the hills on the north fork of Leech river, fifty feet from the stream, to what they suppose to be an old bed of the river, and could see the gold stick up out through the dirt all the way down. They had not washed out any of the gravel to ascertain what it prospected, but were so satisfied of its richness that they wished some of their companions to come and join them immediately.

Three men returned recently from Leech river, having been only one day prospecting and brought back $5 of splendid coarse gold, better than Leech gold. Mr. [illegible], of Clover Point, who arrived here last night, has some fine specimens of Wolf Creek gold in his possession.

Intelligence received from Cariboo contains no additional features of interest. Miners were taking alarm at the first fall of snow and a good many were leaving. About 100 arrived by the steamers of the 17th.

A new light house is about to be erected at Port Angelos by the American Government. The contractor for the work, with a party of men, arrived by last steamer.

[illegible] pavement of London is one of the greatest marvels [illegible]. It covers [illegible] acres, two-thirds of which consists of what may be called mosaic work done in plain style, and the other third of smooth flagging. Such a series of works as transcends in quantity the Appian Way, which is the wonder of ancient Rome, and which [illegible] figure [illegible] one of [illegible]. The ancient Consular Way was but fifteen feet wide [illegible] with blocks of all shapes and sizes, jointed together and dressed only on the surface; the length of its devious course, from north to south of Italy, was under 300 miles. The paved street in London number over 5,000 and exceed 2,000 miles in length.

Dysentery.—For Dysentery and similar complaints at this summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "SLIGHT COLD" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "*Brown's Bronchial Troches*" give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*

REDINGTON & Co., San Francisco, Agents for the Pacific Coast.

Oregonians should test the merits of Dr. HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequaled as an invigorator. In the pursuit of fortune at the mines, many persons are exposed to the attacks of complaints of the digestive organs, and of various kinds of fever. It is the very article that has so long been in demand at the mines. Its daily use will restore the tone of a deranged stomach, impart fresh vitality to the digestive functions, and cheer the spirits. Yet the Bitters is the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold, be certain to obtain a supply of the genuine Hostetter Bitters, and he will find it a certain safeguard to health.—Sold by Druggists and dealers generally. jy26daw

Periodical Headache—so common in uncleared and marshy countries, Tic Douloureux, that most painful affection of the nerves of the face, are often only attacks of ague in *disguise*—proceeding from the same noxious influence. Jaundice, Dyspepsia and Diarrhea, are frequently but disguised forms of Intermittent Fever. Even Rheumatism and Epilepsy, often result from the same miasmal cause. For such, Dr. Osgood's India Cholagogue is an unfailing remedy. By striking at the root of these affections, it applies with equal certainty, as for the cure of Fever and Ague in its simplest forms.

Imitations are abroad. Be particular to enquire for *Dr. Osgood's India Cholagogue*. Sold everywhere.

HOSTETTER'S

CELEBRATED

STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutricious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely suppled by some vivifying preparation which recruits the strength and spirits without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

The Democratic Party.

A party born of treachery and fear,
To cast a cloud upon the country's fame,
And bring to all that patriots hold dear—
A people's honor and a nation's name!

A party ready to [illegible]
The [illegible]
And blessings [illegible] brought—
To commit the [illegible]
To sue for traitors [illegible]
To fawn and flatter round a southern foe,
Erected [illegible] of Liberty,
With human slavery as the corner-stone!

Such is the party as revealed of late—
An [illegible]
Whose [illegible]
Which when the Southern [illegible]
A [illegible]
A [illegible]
Heaven! let the [illegible] take it back.
The best party is too mean for that.

JIM LANE ON [illegible] DEMOCRATS.—Senator Lane, of Kansas, at a meeting held recently in St. Louis, to respond to the nomination of Lincoln and Johnson, said:

"I hope that all sensible men in Missouri, as well as throughout the United States, are now satisfied that the policy adopted by our fathers in the Revolution with the Tories of that war was the correct policy, and that all sensible men are now satisfied that the policy of wooing traitors back to the allegiance of this country is [illegible]. (Cheers.) Our fathers tested it and decided that Tories must leave the country, or they must die. (Cheers.) I say here to the people of Missouri, and to the people of the United States, that loyal men and rebels, of whatever [illegible], cannot live in the same community. The idea of a loyal man going up to the same ballot-box and casting his vote on the same day with a traitor! (Applause.) I say to the people of Missouri, you never will have peace until rebels or rebel sympathizers drive you out of Missouri, or you drive them out. A man speaks very confidently always when he speaks from experience. The same road that the people of Missouri are traveling to-day, the people of Kansas traveled in '55, '56 and '57. We wasted five or six months of the time in trying to persuade the pro-slavery Democracy to live in peace with us. We wasted time. We came to the conclusion, and so did they, that they must drive us out or we must drive them out; and we, liking the country better than they, concluded to stay, (cheers and laughter) and they left, and most of them are now in the bush in Missouri, endeavoring to make a combination to drive the loyal men of Missouri out of this most—oh! most glorious State.

HINTS TO BLIZZARD SHOOTERS.

Fellow-Citizens: Missouri has to be carried. The memories of your fathers require that the nominees of the Baltimore Convention should receive the electoral vote of the State of Missouri. You are not going to be defeated by rebel votes, I reckon. Is there a loyal man in the State of Missouri that proposes to lose the Presidential election by a rebel vote? (Voice—"No, I hope not.") You are not entitled to have wives and children if you do. Rebels and rebel sympathizers have no rights which a loyal man is bound to respect. They have no right to vote. All they can claim of loyal hands is a bullet through their hearts.

The idea of wooing them back—I heard a story last night, and it is so good that I propose to tell it. A very distinguished man in this State paid a visit to one of the river counties, not a great while ago, and held a meeting in favor of organizing the militia under order 107. There was a tremendous meeting in that county, never suspected of having a loyal man in it—a tremendous meeting held—resolutions in burning words were passed for exterminating bushwhackers. A distinguished gentleman telegraphed that every thing was right in that county—smooth and snug in that county. He got through with the meeting, started out of town, got a few miles from the county seat, and was bushwhacked by the committee on resolutions! (Cheers and laughter.) Woo them back, will you? Entice them into your State, will you? Get them to pass resolutions, will you, and be bushwhacked by them before the day passes away? Nothing is left, then—nothing was left for your fathers in the war of the Revolution—nothing is left for you but to drive them out, or let them drive you out.

THE DUTY OF LOYAL MEN.

This political field, fellow-citizens, is a fair one. We have a duty upon our shoulders, and we can't shirk it, to elect the nominees of the Baltimore Convention. Every loyal man should feel that he himself is a committee of vigilance, that he should devote himself from now until the election to secure the success of Abraham Lincoln, of Illinois, for President, and Andrew Johnson, of Tennessee, for Vice President."

PERUVIAN SYRUP,

OR PROTECTED

Solution of Protoxide of Iron,

Is a well known [illegible] for curing

DYSPEPSIA,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhœa, Boils, Scurvy, the prostrating effects of Lead or Mercury,

GENERAL DEBILITY,

and all diseases which require a

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From Well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained BY COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

LIVER, HEART, KIDNEYS, DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals and its use recommended to practitioners. (See "American Medical Monthly," July, 1858, page 78.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price $1 per bottle. Prepared by Dr. H. Anders & Co., Physicians and Chemists, New York.

The following is from the manager of the Union Home School for the Children of Volunteers:

HAVEMEYER MANSION, FIFTY-SEVENTH STREET,
New York, August 2, 1863.

"Dr. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness, and weak lungs, with most happy effect. One little girl in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. Respectfully, Mrs. O. M. DEVOE."

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivaled as a remedy for the permanent cure for the maladies above mentioned, and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once restored to its full vigor and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; the stealthy step becomes the movement with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active, and the [illegible] both regenerated and conscious of new vigor. The medicine reaches the CONSTITUTION itself and restores it to its normal condition.
